

EASILY TRACK YOUR MYELOFIBROSIS SYMPTOMS ONLINE

INTRODUCING THE MF TRACKER TOOL —A DIGITAL RESOURCE BROUGHT TO YOU BY VOICES OF MPN

The MF Tracker Tool is an online resource designed to help you track your MF symptoms, blood cell counts, and blood transfusions.

With this convenient online tracking tool, you'll be able to:

- 1 RATE** the severity of your most common MF symptoms
- 2 RECORD** key blood cell counts and follow changes over time
- 3 NOTE** the dates of your blood transfusions after each procedure
- 4 DOWNLOAD** results to share with your Healthcare Professional

USING THE MF TRACKER TOOL

The MF Tracker Tool helps you monitor aspects of your MF so that you have a record of your disease status over time. You may:

Score your symptom severity

Enter blood test results and track blood transfusions

View current and past results

GET STARTED ON YOUR COMPUTER OR PHONE

The MF Tracker Tool can be used on your desktop computer—or accessed via your personal mobile device. To access the MF Tracker Tool, simply visit MFSymptomTracker.com and follow the simple instructions.

Remember, keeping track of symptoms, blood cell counts, and blood transfusions helps you take an active role in your care—and empowers you to have meaningful discussions with your Healthcare Professional.
